ABOUT

Full-stack Developer with hands-on experience in React, Next.js, UI/UX, and REST APIs. Proven experience in building scalable, high-performance applications that enhance user experience. Adept at collaborating with cross-functional teams and optimizing frontend performance. Passionate about creating responsive, accessible, and visually engaging applications.

PROJECTS

YelpCamp [🔗](#)

Full-stack Web Application

Developed a campground app as a Yelp-clone, a full-stack platform for users to discover, review, and share campgrounds. Implemented user authentication, interactive maps, and dynamic page rendering for an engaging experience.

Tech-stack: Bootstrap, JavaScript, NodeJS, MongoDB, Express, deployed on Vercel

EDUCATION

Bachelor of Science (BS) |Electronics and Communication Engineering
Marmara University
Istanbul, Türkiye

SKILLS

HTML & CSS • React • Next.js •
JavaScript ES6+ • TypeScript • Node.Js •
MongoDB • Jest • REST APIs • Git & GitHub

EXPERIENCE

Nutrish.ai [🔗](#)

Full-stack Developer Intern

01.2025 – present | Remote

- Leveraged LLM to enable automatic translation of user messages to English, while also ensuring that admin messages were translated into the user's native language.
- Contributed on the admin dashboard for real-time marketing analytics, improving data visibility for investors and marketing teams, such as pie charts, mapview charts, and tanstack data tables.
- Implemented AI-driven logic to automatically detect the user's country and native language based on their phone numbers or messages, enhancing UX personalization.

Nordic Waves Group

Software Developer Intern

08.2024 – present | Remote

- Developed high-performance REST API endpoints using Node.js, TypeScript, and MongoDB, improving backend efficiency and creating main calculations of the tool.
- Designed and deployed a report download feature using React libraries in collaboration with the UX/UI Designer, increasing user accessibility.
- Aligned product development with business goals, delivering a stable MVP for launch.
